About Me

I am Akash Ali, a skilled Web Developer and Data Science enthusiast based in Multan, Pakistan, with expertise in creating robust websites and data-driven solutions. Proficient in Python, Flask, React, HTML, CSS, JavaScript, and SQL, I excel in both front-end and back-end development. My passion for Generative AI and Machine Learning has led me to develop innovative projects, including AI-powered image and text generators and predictive models. A quick learner and problem-solver, I am committed to leveraging my technical skills to deliver high-quality results and contribute to impactful technology solutions.
